Re: Respect for All Assembly

Dear Marc:

We would like to take this opportunity to let you know how much Omegaman has changed the lives of our children. The show was so great that the children are still asking for Omegaman to return.

It is with great appreciation that we give recognition where it is due. Mr. Omegaman was wonderful with the children and the audience. His performance was superb, witty and very beneficial for our students.

We would like to thank Mr. Omegaman for the great show that he presented at our school, and we would recommend this presentation to other schools in our community.

Sincerely,

Antoinette Rogers
Guidance Counselor
