To Whom It May Concern,

Please allow this letter to serve as a letter of recommendation for the Omegaman presentation that took place recently in our school district. Our population covers first through fifth grade and our students LOVED Omegaman's presentation. We used this presentation as a kick off for Red Ribbon Week and he message was just what we were looking for. The focus was on good choices and self esteem. It was the perfect balance between excitement and positive message. Our students stayed engaged and felt like they were a part of the show. They are still talking about the performance and how much they enjoyed watching Omegaman's tricks. He had amazing enthusiasm for what he was doing and it really caused the children to be excited about what he was saying. I would recommend this program to students of all ages.

Sincerely,

Aimee Winton
