Dear Marc,

Thank you so much for the enthusiastic presentation of Omega Man yesterday morning. It was most enjoyable as well as educational. I really did like your approach with the children to be "dream-makers and not dream-breakers". Your physical strength and appearance certainly made an impression on all of us. Needless to say, the students really thought you were cool holding their phys ed teacher on your back!

I wish you the best of luck throughout the year sharing the important message of no bullying. I am sure that principals and teachers everywhere are grateful for your assistance. Keep up the good work.

Have a great day. I look forward to seeing you again in the near future.

Sincerely,
