Omegaman,

If your school hasn't had The Omegaman Assembly, please consider having him visit. I highly Recommend this program for every school. The assembly topics available are right on target for Our students today.

His program is very motivational and positive. The lessons he taught for our students made a big impression on the students and staff as well, The students still talk about the lessons Omegaman taught.

Again I highly recommend this program for your school. Our school has already booked him for next year. YOU WILL NOT BE DISAPPOINTED.

Sincerely,

Franklin Hester, Counselor
